Re: Broadwing Communications, LLC
Revisions to M.D.T.E. Tariff No. 4
Re: 2017 Intercarrier Compensation Rate Reduction Tariff Filings

Dear Ms. Clark:

Pursuant to the Commission's May 22, 2017 Notice Re: 2017 Intercarrier Compensation Rate Reduction Tariff Filings, enclosed for filing are an original and one copy of revisions to Broadwing Communications, LLC's M.D.T.E. Tariff No. 4. A .pdf copy of this filing will also be submitted separately to dtc.efiling@state.ma.us.

Consistent with the requirements for competitive local exchange carriers set forth in paragraph 807 of the FCC's *Connect America Fund Order*, 26 FCC Rcd 17663 (2011), this filing amends the tariff to reduce the Composite Terminating End Office Charge and terminating Tandem Switched Facility rates. The Company respectfully requests an effective date of July 29, 2017.

The following pages are included in the filing:

Section 5 Fifth Revised Page 91	Reduces Composite Terminating End Office Charge rate
Section 5 Sixth Revised Page 102	Reduces Composite Terminating End Office Charge and bifurcates terminating Tandem Switched Facility rates

The above rates are consistent with the rates filed in Broadwing Communications, LLC Tariff F.C.C. No. 1, Section 8, Pages 87 and 87.3 attached hereto, and match the rates filed by Verizon MA. Broadwing Communications, LLC does not own a tandem that serves intrastate access traffic in Massachusetts.

Pursuant to the Commission's filing procedures, the appropriate fee of \$100.00 is included in the attached check.

Any questions regarding this filing should be directed to Ms. Diane L. Peters, Senior Manager Regulatory Affairs at Diane.Peters@level3.com or (585) 255-1425.

Sincerely,

Diane L. Peters

* The service establishment charge applies for each separate mailing address that the information being provided by the Company is being sent to. This charge will also apply for each electronic mailing address.

5.4 Transit Traffic Service

Transit Traffic Service is an access service in which the Company transits traffic originated by a third party who is not an End User or other user of the Company's local exchange or exchange access service through its wire centers to a Customer. Transit Traffic Service is comprised of various facilities, connections, features and functions. It provides for the use of common terminating, common switching and switched transport facilities of the Company but does not include local switching. Rates for Transit Traffic Service are usage sensitive.
